

ROV Shackle - type 911 FT

William Hackett has developed its range of Yoke ROV shackles with the addition of shackle pins with a fish tail interface.

The ROV shackle range can be offered from 12t to 35t.

Working Load limit clearly embossed on every shackle.

Shackles painted either white or fluorescent yellow for superior visibility and shackle pins are galvanised.

Part Code	SWL (tonnes)	A mm	E mm	H mm	O mm	P mm	S mm	T mm	W mm
