

Ultralift LM™

LIFTING MAGNET

Lift steel safely, quickly and more efficiently with the new Eclipse Magnetics Ultralift LM™ lifting magnet

NO RUNNING COSTS

No power required - no additional costs.

EASY TO INSTALL

Simply hook to your crane or hoist and you are ready to lift.

EASY TO USE

One man can attach the load, effortlessly, in seconds.

HI-PERFORMANCE

'Rare earth' neodymium magnet material provides light weight, high power performance.

LOAD CARE

Load surface not marked.

SAFE LIFTING

Safety locking mechanism prevents accidental release of load.

SPACE-SAVING

Access is only required to the load's top face allowing more efficient use of your storage and handling areas.

5 SIZES AVAILABLE

OTHER ECLIPSE MAGNETICS LIFTING MAGNETS:

ULTRALIFT PLUS

The ultimate in safety. 3 unique safety features, and the patented Safety Shim: pre-test any load to ensure a 3:1 safety factor.

ULTRALIFT TP

Designed for lifting thin sheets safely, including single sheets from the tops of stacks.

TECHNICAL DATA

SWL indicates 3:1 safety factor
